

MyDiabetes.Diet App Project Description:

SCRIPTED (Actor) Testimonials. People from different countries in their natural surroundings tell their success stories with the MyDiabetes.Diet app in their own language. Normal body weight (but believable that they could have been overweight or obese before). Attractive, calm, happy, speaking as if from their own experience. It's important that we don't see actors looking like they are reading text. You will need to tell the story naturally. The video will need to look natural, but be of a high quality.

For the initial consideration, you only need to send in a photo. If you are selected, you will be asked to do a video testimonial of yourself, using your own equipment in your own location.

This role is open to any country if you fit the description and are a native speaker of the specified language.

Men/Women ages 30-50 (12 roles), Rate USD\$150 for self-taped scripted testimonial for a diabetes management app. See Details!!

Location: Anywhere/Nationwide/International.

Rate: USD \$150 (flat).

Deadline: to submit photos for consideration is 6 April 2021, Tuesday 12pm Pacific Daylight Time. The deadline *will* be extended if needed to consider more options.

Wardrobe - comfortable clothes that you usually wear at home or meeting with friends for lunch.

Email: TalentSubmission@LeslieBrownCasting.com

Include: photo, contact info, and CONFIRM that you speak one of the following languages as a NATIVE SPEAKER:

1. FRENCH
2. ITALIAN
3. SPANISH
4. GERMAN
5. NORWEGIAN

Also include a link to your online profile, resume, or website if you have this (not required, but helpful) and mention #_____ site where you saw this notice.

Thanks!

-Leslie

PS: yes, I will also need English (AMERICAN), but I know I will get a lot of submissions for that, so I'm not emphasizing this.

OK to FORWARD!!! Please forward if you know someone that fits this description!
